DETAILED ACTION

Allowable Subject Matter

1. Claims 15-30 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art cited does not anticipate individually nor teach in combination the following limitations:
 - a light emitting member pivotally attached to a first end of a generally rectangular channel base member, said channel base member containing a plurality of functional tools each pivotally attached to a second end of said channel base member, each of said tools pivoting outward for use; a pair of support wires attached to said first end of said channel base member, said support wires having a projected position and a folded position, the support wires in said projected position projecting laterally from the channel base member forming a first acute angle with the base member and projecting upward from the channel base member forming a second acute angle with the base member, the support wires in said folded position running approximately parallel to the channel base member.
 - a light emitting member pivotally attached to a first end of a generally rectangular support member, said support member containing a plurality of functional tools each pivotally attached to a second end of said support member, each of said tools pivoting outward for use, said second end of said support member being pivotally attached to a first end of a generally rectangular channel base member, said channel base member having a

substantially flat bottom surface; a pair of support feet pivotally attached on said bottom surface of said channel base member at a second end of said channel base member, said feet pivoting laterally to provide lateral support for said flashlight.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Anabel M. Ton whose telephone number is (571) 272-2382. The examiner can normally be reached on 08:00-16:30.
